Good Morning Cindy -

When you have a chance - please take a look at the attached spreadsheet. [Ex. 6 - Personal Privacy] has been using this to keep track of where we are. Please let me know if this makes sense to you and whether or not you have any comments, additions, etc.

I am working in Edison, NJ with the SERAS folks and John Gilbert - Rich will be joining us later this morning to talk more about data management, releasing final results to the public, etc.

Please feel free to call or e-mail with any questions.

Thanks again for all your help - Kelley
